

**AVILLION BERHAD (“AVILLION” OR “COMPANY”)
INDEPENDENT AUDITORS’ REPORT TO THE MEMBERS OF AVILLION BERHAD**

Report on the Audit of Financial Statements

Opinion

We have audited the financial statements of Avillion Berhad, which comprise the statements of financial position as at 31 March 2022 of the Group and of the Company, and the statements of comprehensive income, statements of changes in equity and statements of cash flows of the Group and of the Company for the financial year then ended, and notes to the financial statements, including a summary of significant accounting policies, as set out on pages 7 to 104.

In our opinion, the accompanying financial statements give a true and fair view of the financial position of the Group and of the Company as at 31 March 2022, and of their financial performance and their cash flows for the financial year then ended in accordance with the Malaysian Financial Reporting Standards, International Financial Reporting Standards and the requirements of the Companies Act 2016 in Malaysia.

Basis for Opinion

We conducted our audit in accordance with approved standards on auditing in Malaysia and International Standards on Auditing. Our responsibilities under those standards are further described in the *Auditors’ Responsibilities for the Audit of the Financial Statements* section of our report. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion.

Independence and Other Ethical Responsibilities

We are independent of the Group and of the Company in accordance with the *By-Laws (on Professional Ethics, Conduct and Practice)* of the Malaysian Institute of Accountants (“By-Laws”) and the International Ethics Standards Board for Accountants’ *International Code of Ethics for Professional Accountants (including International Independence Standards)* (“IESBA Code”), and we have fulfilled our other ethical responsibilities in accordance with the By-Laws and the IESBA Code.

Material Uncertainty Related to Going Concern

We draw attention to Note 2.7 to the financial statements, which disclosed that the Group and the Company reported a net loss of RM9.102 million and RM10.959 million respectively during the financial year ended 31 March 2022 thereby indicating the existence of a material uncertainty which may cast significant doubt about the Group’s and the Company’s ability to continue as a going concern. Our opinion is not modified in respect of this matter.

Key Audit Matters

Key audit matters are those matters that, in our professional judgement, were of most significance in our audit of the financial statements of the Group and of the Company of the current financial year. These matters were addressed in the context of our audit of the financial statements of the Group and of the Company as a whole, and in forming our opinion thereon, and we do not provide a separate opinion on these matters. In addition to the matters described in Material Uncertainty Related to Going Concern section, we have determined the matters below to be the key audit matters to be communicated in our report.

Group

Fair value of freehold land and buildings (Note 5 to the financial statements)

The Group has freehold land and buildings carried at revalued amount. Valuation of these assets is based on valuation performed by external independent valuers. The valuation methods adopted by the valuers include direct comparison method, being comparison of current prices in an active market for similar properties in the same location and condition and where necessary, adjusting for location, size, tenure, title restrictions, neighbourhood and other relevant factors. We focus on this area because judgement is made in determining the appropriate valuation methods and the key assumptions used in the valuations.

Our audit response:

Our audit procedures included, among others:

- evaluating the competency, capabilities and objectivity of the external independent valuers which included consideration of their qualifications and experience;
- understanding the scope and purpose of the valuation by reading the terms of engagement to assess whether any matters that might have affected their objectivity or limit the scope of their work; and
- reading the valuation reports for all significant properties and discussed with external independent valuers on their valuation approach and the significant judgements they made, including the selection of comparable properties and adjustments for differences in key attributes made to the transacted value of comparable properties.

Key Audit Matters (continued)

Group (continued)

Inventories (Note 11 to the financial statements)

The Group has significant balances of completed properties and properties held for development as at 31 March 2022. We focused on this area because the assessment of the net realisable value of these completed properties and properties held for development requires the application of significant judgements made by the directors.

Our audit response:

Our audit procedures included, among others:

- understanding the assumption used by the directors in determining the value of properties held for development;
- comparing the recent listed selling prices and transacted prices of comparable properties;
- evaluating the competency, capabilities and objectivity of the external independent valuers which included consideration of their qualifications and experience for the completed properties and properties held for development which directors had relied on the independent valuations;
- understanding the scope and purpose of the valuation by reading the terms of engagement to assess whether any matters that might have affected their objectivity or limit the scope of their work; and
- reading the valuation reports for all significant properties and discussed with external independent valuers on their valuation approach and the significant judgements they made, including the selection of comparable properties and adjustments for differences in key attributes made to the transacted value of comparable properties.

Key Audit Matters (continued)

Group (continued)

Revenue and corresponding costs recognition for property development activities (Note 22 and Note 23 to the financial statements)

The amount of revenue of the Group's property development activities is recognised over the period of contract by reference to the progress towards complete satisfaction of that performance obligation. The progress towards complete satisfaction of performance obligation is determined by reference to proportion of development costs incurred for works performed to date bear to the estimated total costs for each project (input method). We focused on this area because significant Group's judgement is required, in particular with regards to determining the progress towards satisfaction of a performance obligation, the extent of the property development costs incurred, the estimated total property development revenue and costs, as well as the recoverability of the development projects. The estimated total revenue and costs are affected by a variety of uncertainties that depend on the outcome of future events.

Our audit response:

Our audit procedures included, among others:

- understanding the Group's process in the calculation of the progress towards complete satisfaction of performance obligation;
- checking the mathematical computation of recognised revenue and corresponding costs for the projects during the financial year; and
- comparing the Group's assessment on the potential deduction to revenue arising from liquidated and ascertained damages against the contractual delivery dates and estimated delivery dates, progress reports, interview of relevant project personnel and correspondence from solicitors.

Company

We have determined that there are no key audit matters to communicate in our report which arose from the audit of the financial statements of the Company.

Information Other than the Financial Statements and Auditors' Report Thereon

The directors of the Company are responsible for the other information. The other information comprises the information included in the annual report, but does not include the financial statements of the Group and of the Company and our auditors' report thereon.

Our opinion on the financial statements of the Group and of the Company does not cover the other information and we do not express any form of assurance conclusion thereon.

In connection with our audit of the financial statements of the Group and of the Company, our responsibility is to read the other information and, in doing so, consider whether the other information is materially inconsistent with the financial statements of the Group and of the Company or our knowledge obtained in the audit, or otherwise appears to be materially misstated.

If, based on the work we have performed, we conclude that there is a material misstatement of this other information, we are required to report that fact. We have nothing to report in this regard.

Responsibilities of the Directors for the Financial Statements

The directors of the Company are responsible for the preparation of financial statements of the Group and of the Company that give a true and fair view in accordance with Malaysian Financial Reporting Standards, International Financial Reporting Standards and the requirements of the Companies Act 2016 in Malaysia. The directors are also responsible for such internal control as the directors determine is necessary to enable the preparation of financial statements of the Group and of the Company that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements of the Group and of the Company, the directors are responsible for assessing the Group's and the Company's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless the directors either intend to liquidate the Group or the Company or to cease operations, or have no realistic alternative but to do so.

The directors of the Company are responsible for overseeing the Group's financial reporting process.

Auditors' Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements of the Group and of the Company as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with approved standards on auditing in Malaysia and International Standards on Auditing will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these financial statements.

As part of an audit in accordance with approved standards on auditing in Malaysia and International Standards on Auditing, we exercise professional judgement and maintain professional scepticism throughout the audit. We also:

- identify and assess the risks of material misstatement of the financial statements of the Group and of the Company, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
- obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Group's and the Company's internal control.
- evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by the directors.
- conclude on the appropriateness of the directors' use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Group's or the Company's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditors' report to the related disclosures in the financial statements of the Group and of the Company or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditors' report. However, future events or conditions may cause the Group or the Company to cease to continue as a going concern.
- evaluate the overall presentation, structure and content of the financial statements of the Group and of the Company, including the disclosures, and whether the financial statements of the Group and of the Company represent the underlying transactions and events in a manner that achieves fair presentation.
- obtain sufficient appropriate audit evidence regarding the financial information of the entities or business activities within the Group to express an opinion on the financial statements of the Group. We are responsible for the direction, supervision and performance of the group audit. We remain solely responsible for our audit opinion.

Auditors' Responsibilities for the Audit of the Financial Statements (continued)

We communicate with the directors regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

We also provide the directors with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, actions taken to eliminate threats or safeguards applied.

From the matters communicated with the directors, we determine those matters that were of most significance in the audit of the financial statements of the Group and of the Company for the current financial year and are therefore the key audit matters. We describe these matters in our auditors' report unless law or regulation precludes public disclosure about the matter or when, in extremely rare circumstances, we determine that a matter should not be communicated in our report because the adverse consequences of doing so would reasonably be expected to outweigh the public interest benefits of such communication.

Report on Other Legal and Regulatory Requirements

In accordance with the requirements of the Companies Act 2016 in Malaysia, we report that the subsidiaries of which we have not acted as auditors, are disclosed in Note 10 to the financial statements.

Other Matters

This report is made solely to the members of the Company, as a body, in accordance with Section 266 of the Companies Act 2016 in Malaysia and for no other purpose. We do not assume responsibility to any other person for the contents of this report.
